

**Full Moon of Capricorn, eleventh Full Moon of this Astrological Year, on Tuesday, January 14, 2025, at 00:26:52 in Romania:**

The main Keynote or phrase to consider for all Capricorn Full Moons (each year): **“Lost am I in light supernal, yet on that light I turn my back.”** The Capricorn Full Moon Keynote of Light each year is: **“The Light of Initiation. (Hint: This is the light which clears the way to the mountain top, and produces transfiguration, thus revealing the rising sun.)”** Consider the Keynotes at, or as close to, the time of the Full Moon as possible and what it might mean as a Group. Each of the constellations also have at least one, but also as many as five, Ray determining energies by which they rule and of which they rule. **The main Ray energy of Capricorn is Ray 5.** So, Capricorn is considered to have a main energy of science, technology or what is considered as Concrete Knowledge. It is a recommendation to consider the Capricorn Keynotes as Ray 5 Keynotes. This is a direct correspondence to the information of our Color Consultations and the way this same Ray determining affects us individually and in our relationship to our group. So, our Color Consultation information can be reviewed and related to each of the Full Moon determining energies to determine the possible effects and opportunities each Full Moon offers each of us personally and in relationship with the group. This was explained and expanded upon from Esoteric Astrology (EA) in general in Addendum 1 from the past Aries Full Moon report (from April 2021 – please let us know if you would like that resent to you or it can be downloaded from the website at the bottom of the page at: [www.sam2013.org/group\\_consciousness.html](http://www.sam2013.org/group_consciousness.html)).

We are adding an additional consideration each month to help in the understanding of the seven Rays called **'The Keys to the Seven Ray Methods'**. The Key to the Ray 5 Method is: **"Let the three forms of energy electric pass upward to the Place of Power. Let the forces of the head and heart and all the nether aspects blend. Then let the Soul look out upon the inner world of light divine. Let the word triumphant go forth: 'I mastered energy for I am energy itself. The Master and the mastered are but One.'"**

This year we are adding information on how each Ray effects the constellations as fundamental hypotheses as Addendum 1 below. Capricorn is the tenth different sign of this new Astrological year (which started with Aries in March) and the seventh of the normal 9 (but this year 10) distribution and grounding energy and consciousness Full Moons of the year. It helps to continue the lower 'anchoring' cycle for the astrological year after the building and higher cycle of Aries, Taurus, and Gemini (March, April, May of this year). Addendum 3 from the last Aries Full Moon report (from April 2023) is some additional information on the full moons and possible meditation forms (please let us know if you need that resent to you or it can be downloaded from the website at the bottom of the page at: [www.sam2013.org/group\\_consciousness.html](http://www.sam2013.org/group_consciousness.html)).

Please continue to keep in mind, from the Gemini Full Moon Report (May 2024), Addendum 2 which was two papers titled, "Vision Paper: Unfolding Work for 2024-2026" by 2025 Initiative ([www.2025initiative.org](http://www.2025initiative.org)) and "More details about this proposed experiment and our groups' ideas about the unfolding opportunities of the period of 2024-2026". The addendums started with a note from us as an introduction about the papers and can also be found on the website at the bottom of the page at: [www.sam2013.org/group\\_consciousness.html](http://www.sam2013.org/group_consciousness.html).

**A. Notes on this coming Full Moon of January/Capricorn:**

- 1. Watch for any impressions** that may come to you before the Full Moon that may relate to the Ray 6 Keynotes and your specific Rays (from your Color Consultations), especially two days before the Full Moon, the day of the Full Moon and two days after the Full Moon. **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month's meditation notes.
- 2. This is the tenth of twelve different Full Moons of this Astrological year (there will be thirteen Full Moons this year since there were two Full moons in the sign of Cancer this year in June and July)** and is the seventh of the nine different (or this year ten full moons for distribution) distribution of Consciousness and Energy' full moons of this astrological year. The energy which is built and gathered during these first three 'Building' Full Moons at the beginning of the astrological year, which is also called the 'higher interlude', will then be distributed over the last nine different Full Moons during the end of the astrological year, which is also called the 'lower interlude'.

3. **Addendum 1 also from the Full Moon report of Aries (from April 2021) gives reference into more insight and inspiration for how to view some of the expanded awareness of these monthly and yearly Full Moon cycles as we enter into the sixth Astrological Year of this group formation and the group's beginning functioning.**
4. **Addendum 1 below relates to how each Ray effects the constellations as fundamental hypotheses.**
5. **The 2024-5 astrological year Annual Keynote is, "LET THE GROUP DEDICATE ITSELF ANEW TO THE SERVICE OF THE COMING ONE AND DO ALL IT CAN TO PREPARE HUMAN MINDS AND HEARTS FOR THAT EVENT. WE HAVE NO OTHER LIFE INTENTION."**

**B. Notes and Activities on or since the last Full Moon December/Sagittarius:**

1. **SuonAngelMiriam meditated at the time of the full moon and new moon together with Safi (when she wanted). We had what we consider very good meditations for the continuing of the grounding of consciousness cycle of the astrological year. The new moon of Capricorn happened just after the start of the new year at 26 minutes past midnight. We are still having more experiences during the toning, chanting and vocalizing parts of the meditations and with the group esoteric crystals this year.**
2. **The Three Group Central Pillar Crystals and the Esoteric (based on numerologist 8) and Occult (based on numerical 9) crystal sub-sets have been finalized along with any rearranging of the other crystals of the over-all set for the 2025 impulse. Please let us know if you would like to explore any of these crystals or have any other input (see photo in previous FM report of Gemini of June 2022). The three natural triple pointed crystal clusters are always available for any group members who would like to meditate with them as another way to tune into group consciousness (see previous photo from March 2022 Pisces report). Of three new 'Circumcentral' crystals one is still on a Lay-Away plan to be here by the Summer Solstice of 2025 for the Hierarchical Group Impulse year of 2025. The first of the three has arrived before the past Full Moon of Taurus 2023 and the second has arrived for this full moon of Taurus 2024 (see photo below or <http://www.sam2013.org/crystals.html> on our website for more information).**

3. **Two hand held faceted crystals have arrived for this Full Moon. A. One, which is a combination of a Phase I and Phase II crystal which has 'Blue Needles' which have an esoteric quality to transcend time and is a more personal healing crystal for Suon for present, past and future health issues (see our photo below), and B. One, which has a triangular bottom and also is a combination of a Phase I and Phase II crystal and which is**

available to anyone who wants to consider having such a crystal (see photo in previous reports).

- 4. Poppy research at BioFarmland (BFL)** at Virginia's suggestion. Seeds from last year's wild Poppy harvest were collected and planted in last June 2023 for growing during the 2024 season. A small number of the poppies have come out this year (May 2024) and their seeds have been encouraged to spread more next year in 2025.

5. **Revised and renewed Hemp Museum suggestion** presented to Zoli, Virginia, and Leontina as a possible group project. There was similar input about local, village or household museums from the “Socio-Economico-Cultural Rebirth of the Romanian Village” conference in previous reports. Latest brief meeting was in Timisoara this spring to talk more informally about these topics.
6. **Based on Leontina’s previous intentions to establish an educational location near her home further discussions are going on about** a location, financing, possible links to other hemp projects and people. An initial estimate to get a small workshop space built on her land, for materials with mainly voluntary labor or construction, is 3,000 Euros. Due to challenges encountered with the political system at her home location, Leontina has decided to stop for the moment Sopronul Cultural and the building of the dome until the environment becomes more friendly to her projects. See previous update concerning Pamantul Stramosesc in the FM 2023 Sagittarius Report from November 2023.
7. **SuonAngelMiriam are continuing our interaction with Katharina documenting** how to manage and implement new and better ways of herb growing, drying, processing, soil regeneration, distilling, etc.
8. **SuonAngelMiriam are interacting with Virginia on her Bio-Resonance and Herbal and Aromatherapy courses, consultations** and treatments along with the consideration of the SAM2013 Synthesis Tri-Level Color Set as liquids. Updated at meetings in September and October 2022, continuing with Virginia’s Certified Herbal and Aroma Therapy courses #1 and now #2 which was in March 2023 and had another meeting at EsotericFest in June 2023 (also see Item #2 below in previous activities archive). The most recent meeting was held at EsotericFest in November 2023 with plans for the next meeting in Spring 2024 once work is completed on Color and Crystal Course educational manuals. The manuals have been completed in February 2024 and two meetings were held in March to go over more input and refinements of the process prior to a May meeting at EsotericFest in Timisoara. In meetings since the May EsotericFest The Color Course has been approved for accrediting by ANATECOR and plans are proceeding to get further details and SAM2013 products ready for the course materials. We have also been receiving treatments and products for some health concerns of Suon. December 2024: The first production of Virginia's Favisan samples of the SAM2013 Synthesis Tri-Level Color System have been made and are being tested for many characteristics. **The set tested well enough to use for color consultations.**
9. **SuonAngelMiriam are working with Remus and others on updating and expanding** one of his personal spirituality courses on Self Esteem as an Esoteric Group project. Anyone interested in knowing more or helping in this group project please let us know. Latest update was in October 2023.
10. **We participated in Remus’ course about Stress Management** held through ANATECOR which is related to Virginia’s fitotherapy course. We also attended the prayer zoom meeting he and Anatecor organized for the professor Mircea Stefea who passed recently.
11. **SuonAngelMiriam are working with Aurellian on how some of the concepts of his book and course** on “The Numerology of the Soul” might relate and correspond to the SAM2013 Synthesis Tri-Level Color System numerology. Both Aurellian and Suon have had direct contact with Yogi Bahjan who taught the numerology of the soul concepts.
12. **SuonAngelMiriam are working with Mircea on ways of distributing SAMfume** and other products and working more closely together on the other projects listed above. Recent meetings held in September Singfest and at the Singureni Christmas Fair 2022 and then in June 2023 also. The last meeting in Bucharest in March, 2024 for a brief update.

### **C. Previous Activities Archive:**

1. **Hemp for cooperative research at BioFarmland (BFL) on hold after 3 years of testing.**
2. **2023 Timisoara Cultural Capital office cooperative event named ‘SAMatate’.** See FM Sagittarius 2023 for final update on this report.
3. **SuonAngelMiriam have met personally with Georghe Piperea and joined his class** action law suit against the constitutionality of mandates. Suit was lost, see previous report details.

### **D. General Notes and considerations about the group, cycles, meditation and information flow:**

1. **We are happy to get to know each other better**, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions.

2. **2024 continues the new seven year cycle started in 2020.** The final major group 'impact' has been made in 2019 prior to the next 100 year 'impulse' which happens during 2025.
3. **It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes, Group Festival Weeks and Centennial Impulse years provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.
4. **It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.
5. **In all meditation it is of value for the student to remember that,** from the standpoint of permanent benefit, it is easier to meditate effectively during the period from the new moon to the full moon, than from the full moon to the new moon. The first half of the lunar cycle is one of intensification, absorption and accretion; the second half is one of assimilation and distribution. More real progress over a long period can be made by observing this cyclic law.
6. **Wisely utilizing newly acquired energies keeps in flowing and out flowing channels open** and prevents Sycal (psychical), Astral (emotional), Mental (intellectual) congestions, which may otherwise be experienced, with their accompanying physical consequences.
7. **The following regular monthly cycle is for the group information flow:**
  - a. Full Moon (five days): Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
  - b. The week after the 5 days of the Full Moon: For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.
  - c. Second week after Full Moon for 'Anchoring' or 'Grounding' impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
  - d. Third week after Full Moon (just after the New Moon): Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.
  - e. Fourth week after the Full Moon (just before the next Full Moon): Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.

#### **Addendum 1:**

**Ray effects on the constellations as fundamental hypotheses from EA**  
**(Free online at [https://www.lucistrust.org/online\\_books/esoteric\\_astrology\\_obooks](https://www.lucistrust.org/online_books/esoteric_astrology_obooks)):**

#### **The Zodiac and the Rays (Continued from the last Full Moon report of Sagittarius):**

... A third point must here be made, following upon the two earlier emphasised. A great part of our study will be occupied with the relation of the six constellations in the upper half of the zodiacal wheel to the six which are found in the lower half; we shall consider the energy which is a human being (note that phrasing) as it travels clockwise from Aries to Taurus and then—reversing the process—travels from Aries to Pisces. We will consider the dualities provided by one of these constellations and its opposite; we will study, therefore, the great qualities provided by a constellation and its opposite sign. We will take up these points in the following manner:

1. From the standpoint of commencement in Aries until the man—through many turnings of the wheel of life—reaches the point of reversal and reorientation. The man progresses from the point where, in Cancer, he forms a part of the mass with the mass consciousness, inchoate and unfocussed, and with no recognition of objective (except the satisfaction of instinctual desire) until in Scorpio he becomes the triumphant disciple, having found himself in Leo. Then comes the Crisis of Reorientation which may take a long time and constitute an interlude of many lives of struggle.

2. From the standpoint of the man upon the probationary path, seeking the light, struggling through the signs (as the Old Commentary expresses it when considering this point):

"He turns from right to left, and then again from left to right. He revolves in giddy fashion upon an axis of desire. He knows not where to go or what to do. The sky turns black."

At this point, the sign Gemini begins potently to play its part in the life of the disciples, with Sagittarius gradually "piercing the heart with his arrows, and then upon the flight of the arrow, the man reaches Capricorn." Then comes the Crisis of Renunciation.

3. From the standpoint of the pledged disciple and initiate who traverses again the Path of the Sun and finds that that which he has discovered himself to be in Leo finds its crown in Aquarius. The separative individual consciousness becomes the group consciousness in Aquarius, and he begins to comprehend the significance of that basic combination of signs, that "triangle in the consciousness" of humanity:

Cancer  
Mass awareness  
Instinctual consciousness

Leo  
Individual awareness  
Intelligent consciousness

Aquarius.  
Group awareness.  
Intuitive consciousness.

Then, from the standpoint of achievement in **Capricorn**, he works for several lives around the zodiacal path, descending into the sea of the mass consciousness to become what is called in the ancient books "the Crab, who clears the ocean of matter which flows around the soul of man," and eventually to become a functioning world saviour in Pisces. He descends into the world of men to save mankind and to further the plan. He is then "the fish who swims free in the ocean of matter."

The initiate has always to express, in each sign of the zodiac, the consummation and the spiritual fruit of earlier life experience, world experiment and soul achievement. Selfishness has ever to be translated into living active service, and desire has to demonstrate its transmutation in the purity of spiritual aspiration for identification with the will of God.

There are one or two points which must be dealt with in order to enable you to study with certain definite ideas clearly formulated in your minds. I have hinted at them in some of my earlier books but it will be of service to refer to them again and to expand the ideas somewhat. I would have you carry them in your minds as you read and study.

I have frequently referred to the fact that the entire science of astrology is based upon a non-existent condition. It has no basis in material fact and yet is eternally based on truth. The zodiac is, as you well know, the imaginary path of the Sun in the heavens. It is therefore largely an illusion, from the exoteric point of view. But at the same time the constellations exist, and the streams of energy which pass and re-pass, intermingle and interlock throughout the body of space are by no means illusions but definitely express eternal relationships. It is the misuse of the various energies which has created the illusion. This illusory path is consequently as much a reality to humanity today as are the personality illusions of any individual. These illusions are due to the polarisation of the individual upon the astral plane.

It is interesting also to note in this connection that—due to the precession of the equinoxes—a fourth type of force is brought to bear upon the planet and man, but one which is seldom recognised and given due place in the horoscope. The month and the sign, or the place of the Sun in the heavens, do not really coincide. When we state, for instance, that the Sun is "in Aries" it conveys an esoteric truth but not an exoteric fact. The Sun was in Aries at the beginning of this great cycle, but it is not in exactly the same position today when it is "found" in that sign.

Also it should be remembered that as it is necessary to know the moment of birth and the place of birth in casting the horoscope of the individual, so in order to have a perfectly correct understanding and accurate deductions in connection with the constellation, the planets and our Earth there should be a fixed time from which to reckon. That fixed time is as yet unknown in exoteric astrology, though the Hierarchy possesses the needed information and it will be made available when the right time comes. It is the knowledge of this inner information which constitutes the basis of the statements which I have made or will make which will seem revolutionary to the orthodox investigator. There has to be a constant rectification of the earlier conclusions of humanity and of this the outstanding instance is the statement in the Bible that the prime date of creation is 4004 B.C. This is recognised as an error by modern science but is still believed by many.

I earlier gave a hint upon which definite astrological computation could be based when I gave the time of the "Great Approach" of the Hierarchy to our planetary manifestation when individualisation took place and the fourth kingdom in nature appeared. I placed that stupendous event as happening 21,688,345 years ago. At that time the Sun was in Leo. The process then initiated upon the physical plane and producing outer physical events took approximately 5,000 years to mature and the Sun was in Gemini when the final crisis of individualisation took place and the door was then closed upon the animal kingdom.

It has been stated that Sagittarius governs human evolution, as the Sun was in that sign when the Hierarchy began its Approach in order to stimulate the forms of life upon our planet. Sagittarius, however, governed the period of the subjective approach.

The Sun was in Leo when physical plane individualisation took place as a result of the applied stimulation.

The Sun was in Gemini when this Approach was consummated by the founding of the Hierarchy upon the Earth. This is one of the great secrets which the Masonic Rituals typify, for the symbol of the sign, Gemini, is the source of the concept of the two pillars, so familiar to Masons. It might therefore be stated that, symbolically speaking,

1. Leo governs the E ▲ A ▲ degree.
2. Gemini governs the F ▲ C ▲ degree.
3. Sagittarius governs the degree of M ▲ M ▲ up to the episode of the raising of the Master, and that Capricorn governs the final part of the ceremony and the H ▲ R ▲ A ▲ ...

**To Be Continued in the next Full Moon report of Aquarius.**

**To be considered below as closing for this Full Moon Addendum of Capricorn.**

...Again and repeatedly, students must remind themselves that we are considering the impact of energy upon energy units (all qualified and producing appearance) and with the response of those energy units to the streams of force which reach them from "the furthest center." It is in the development of response to distant points of contact and emanating sources of energy that the needed sensitivity is produced. Sensitivity, generally speaking, is of a threefold nature:

1. Sensitivity to that which is found within oneself. This, when the consciousness is adequately self-sufficient, opens a door for the entrance of energies coming from the "middle center." I speak in symbols and for those whose knowledge of cosmic location and of points in time and space will enable them to comprehend; to the uninitiate, I simply say, "Respond to soul impact."
2. Sensitivity to that which emanates from the "centers left behind" or to those streams of vital energy which lie active and focused below the threshold of the waking consciousness. They stir the threads of memory; they draw backward the glances (and there lies magic in the energy of the eye) of the onward moving Point, the Pilgrim on his way; they condition through ancient habit the responsiveness of the units in the form.
3. A developed sensitivity which emerges from the "furthest center" at first unconsciously employed and later consciously directed and attuned - a fully magnetic and attractive sensitivity. Forget not that true interplay imposes the condition of reciprocity and that the two points or termini of a line eventually vibrate in unison.

The Rays pour through, are expressed by and are transmitted through the following constellations:

Ray I	Aries	Leo	<b>Capricorn</b>
Ray II	Gemini	Virgo	Pisces
Ray III	Cancer	Libra	<b>Capricorn</b>
Ray IV	Taurus	Scorpio	Sagittarius
Ray V	Leo	Sagittarius	Aquarius
Ray VI	Virgo	Sagittarius	Pisces
Ray VII	Aries	Cancer	<b>Capricorn</b>

**Conclusion (at this point):**

May we consider together entering into that higher state of (group/soul) 'bewilderment', especially at this cycle of Aquarian consciousness, yet strength and unity from our lower state of personal certitude and isolation to possibly obtain a universal group consciousness.
