

**Full Moon of Pisces, thirteenth Full Moon of this Astrological Year, on Friday, March 14, 2025, at 08:54:37 in Romania:**

The main Keynote or phrase to consider for all Pisces Full Moons (each year): **“I leave the Father's home and turning back, I save.”** The Pisces Full Moon Keynote of Light each year is: **“The Light of the World.”** (Hint: **This is the light, revealing the light of life itself. It ends for ever the darkness of matter.**)” Consider the Keynotes at, or as close to, the time of the Full Moon as possible and what it might mean as a Group. Each of the constellations also have at least one, but also as many as five, Ray determining energies by which they rule and of which they rule. **The main Ray energy of Pisces is Ray 1.** So, Pisces is considered to have a main energy of Will and Power or what is considered as Direction. It is a recommendation to consider the Pisces Keynotes as Ray 1 Keynotes. This is a direct correspondence to the information of our Color Consultations and the way this same Ray determining affects us individually and in our relationship to our group. So, our Color Consultation information can be reviewed and related to each of the Full Moon determining energies to determine the possible effects and opportunities each Full Moon offers each of us personally and in relationship with the group. This was explained and expanded upon from Esoteric Astrology (EA) in general in Addendum 1 from the past Aries Full Moon report (from April 2021 – please let us know if you would like that resent to you or it can be downloaded from the website at the bottom of the page at: [www.sam2013.org/group\\_consciousness.html](http://www.sam2013.org/group_consciousness.html)).

We are adding an additional consideration each month to help in the understanding of the seven Rays called **'The Keys to the Seven Ray Methods'**. The Key to the Ray 1 Method is: **“Let the Forces come together. Let them mount to the High Place, and from that lofty eminence let the Soul look upon a world destroyed. Then let the word go forth: 'I will persist'.”**

This year we are adding information on how each Ray effects the constellations as fundamental hypothesises as Addendum 1 below. Pisces is the twelfth different sign of this new Astrological year (which started with Aries in March) and the ninth of the normal 9 (but this year 10) distribution and grounding energy and consciousness Full Moons of the year. It helps to continue the lower ‘anchoring’ cycle for the astrological year after the building and higher cycle of Aries, Taurus, and Gemini (March, April, May of this year). Addendum 3 from the last Aries Full Moon report (from April 2023) is some additional information on the full moons and possible meditation forms (please let us know if you need that resent to you or it can be downloaded from the website at the bottom of the page at: [www.sam2013.org/group\\_consciousness.html](http://www.sam2013.org/group_consciousness.html)).

Please continue to keep in mind, from the Gemini Full Moon Report (May 2024), Addendum 2 which was two papers titled, "Vision Paper: Unfolding Work for 2024-2026" by 2025 Initiative ([www.2025initiative.org](http://www.2025initiative.org)) and "More details about this proposed experiment and our groups' ideas about the unfolding opportunities of the period of 2024-2026". The addendums started with a note from us as an introduction about the papers and can also be found on the website at the bottom of the page at: [www.sam2013.org/group\\_consciousness.html](http://www.sam2013.org/group_consciousness.html).

**A. Notes on this coming Full Moon of March/Pisces:**

- 1. Watch for any impressions** that may come to you before the Full Moon that may relate to the Ray 1 Keynotes and your specific Rays (from your Color Consultations), especially two days before the Full Moon, the day of the Full Moon and two days after the Full Moon. **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month's meditation notes.
- 2. This is the twelfth of twelve different Full Moons of this Astrological year (there will be thirteen Full Moons this year since there were two Full moons in the sign of Cancer this year in June and July)** and is the ninth of the nine different (or this year ten full moons for distribution) distribution of 'Consciousness and Energy' full moons of this astrological year. The energy which is built and gathered during these first three 'Building' Full Moons at the beginning of the astrological year, which is also called the 'higher interlude', will then be distributed over the last nine different Full Moons during the end of the astrological year, which is also called the 'lower interlude'.
- 3. Addendum 1 also from the Full Moon report of Aries (from April 2021) gives reference into more insight and inspiration for how to** view some of the expanded awareness of these monthly and yearly Full Moon cycles as we enter into the sixth Astrological Year of this group formation and the group's beginning functioning.

4. **Addendum 1 below relates to** how each Ray effects the constellations as fundamental hypotheses.
5. **This Full Moon in Pisces will also be a total lunar eclipse** near the time of the full moon which should be considered energetically in relationship to the group, our Rays and the major Ray 1 of Pisces.
6. **Spring Equinox is: Thursday, March 20, 2025, 11:01:00.** It is considered further growth of new growing cycle which started on the Fall Equinox last year.
7. **The 2024-5 astrological year Annual Keynote is,** "LET THE GROUP DEDICATE ITSELF ANEW TO THE SERVICE OF THE COMING ONE AND DO ALL IT CAN TO PREPARE HUMAN MINDS AND HEARTS FOR THAT EVENT. WE HAVE NO OTHER LIFE INTENTION."

**B. Notes and Activities on or since the last Full Moon February/Aquarius:**

1. **SuonAngelMiriam meditated at the time of the full moon and new moon together with Safi (when she wanted). We had what we consider** very good meditations for the continuing of the grounding of consciousness cycle of the astrological year. We are still having more experiences during the toning, chanting and vocalizing parts of the meditations and with the group esoteric crystals and now some of the new hand held crystals this year.
2. **The Three Group Central Pillar Crystals** and the Esoteric (based on numerologist 8) and Occult (based on numerical 9) crystal sub-sets have been finalized along with any rearranging of the other crystals of the over-all set for the 2025 impulse. Please let us know if you would like to explore any of these crystals or have any other input (see photo in previous FM report of Gemini of June 2022). **The three natural triple pointed crystal clusters** are always available for any group members who would like to meditate with them as another way to tune into group consciousness (see previous photo from March 2022 Pisces report). **Of three new 'Circumcentral' crystals, the last one, is being prepared for shipping** to be here by the Summer Solstice of 2025 for the Hierarchical Group Impulse year of 2025. The first of the three has arrived before the past Full Moon of Taurus 2023 and the second has arrived for the past full moon of Taurus 2024 (see photo below or <http://www.sam2013.org/crystals.html> on our website for more information).

3. **Two hand held faceted crystals have arrived. A. One, which is a combination of a Phase I and Phase II crystal** which has 'Blue Needles' which have an esoteric quality to transcend time and is a more personal healing crystal for Suon for present, past and future health issues (see photo in previous report), and B. One, which has a triangular bottom and also is a combination of a Phase I and Phase II crystal and which is available to anyone who wants to consider having such a crystal (see photo in previous reports).

4. **Three new hand held crystals have been ordered to assist with the 2025** impulse year consciousness and energies and are scheduled to arrive with the third circumcentral crystal by the Taurus Full Moon in May. If anyone is interested in knowing more about these crystals please let us know (see photo in previous group report of Aquarius 2025).
5. **Another three new hand held crystals have been ordered to assist with the 2025** impulse year consciousness and energies and are scheduled to arrive by the Taurus Full Moon in May. If anyone is interested in knowing more about these crystals please let us know (see photo below).

6. **Poppy research at BioFarmland (BFL)** at Virginia's suggestion. Seeds from last year's wild Poppy harvest were collected and planted in last June 2023 for growing during the 2024 season. A small number of the poppies have come out this year (May 2024) and their seeds have been encouraged to spread more next year in 2025.
7. **Revised and renewed Hemp Museum suggestion** presented to Zoli, Virginia, and Leontina as a possible group project. There was similar input about local, village or household museums from the "Socio-Economico-Cultural Rebirth of the Romanian Village" conference in previous reports. Latest brief meeting was in Timisoara this spring to talk more informally about these topics.
8. **Based on Leontina's previous intentions to establish an educational location near her home further discussions are going on about** a location, financing, possible links to other hemp projects and people. An initial estimate to get a small workshop space built on her land, for materials with mainly voluntary labor or construction, is 3,000 Euros. Due to challenges encountered with the political system at her home location, Leontina has decided to stop for the moment Sopronul Cultural and the building of the dome until the environment becomes more friendly to her projects. See previous update concerning Pamantul Stramosesc in the FM 2023 Sagittarius Report from November 2023.
9. **SuonAngelMiriam are continuing our interaction with Katharina documenting** how to manage and implement new and better ways of herb growing, drying, processing, soil regeneration, distilling, etc.
10. **SuonAngelMiriam are interacting with Virginia on her Bio-Resonance and Herbal and Aromatherapy courses, consultations** and treatments along with the consideration of the SAM2013 Synthesis Tri-Level Color Set as liquids. Updated at meetings in September and October 2022, continuing with Virginia's Certified Herbal and Aroma Therapy courses #1 and now #2 which

was in March 2023 and had another meeting at EsotericFest in June 2023 (also see Item #2 below in previous activities archive). The most recent meeting was held at EsotericFest in November 2023 with plans for the next meeting in Spring 2024 once work is completed on Color and Crystal Course educational manuals. The manuals have been completed in February 2024 and two meetings were held in March to go over more input and refinements of the process prior to a May meeting at EsotericFest in Timisoara. In meetings since the May EsotericFest The Color Course has been approved for accrediting by ANATECOR and plans are proceeding to get further details and SAM2013 products ready for the course materials. We have also been receiving treatments and products for some health concerns of Suon. December 2024: The first production of Virginia's Favisan samples of the SAM2013 Synthesis Tri-Level Color System have been made and are being tested for many characteristics. **The set tested well enough to use for color consultations.**

11. **SuonAngelMiriam are working with Remus and others on updating and expanding** one of his personal spirituality courses on Self Esteem as an Esoteric Group project. Anyone interested in knowing more or helping in this group project please let us know. Latest update was in October 2023.
12. **We participated in Remus' course about Stress Management** held through ANATECOR which is related to Virginia's fitotherapy course. We also attended the prayer zoom meeting he and Anatecor organized for the professor Mircea Stefea who passed.
13. **SuonAngelMiriam are working with Aurellian on how some of the concepts of his book and course** on "The Numerology of the Soul" might relate and correspond to the SAM2013 Synthesis Tri-Level Color System numerology. Both Aurellian and Suon have had direct contact with Yogi Bahjan who taught the numerology of the soul concepts.
14. **SuonAngelMiriam are working with Mircea on ways of distributing SAMfume** and other products and working more closely together on the other projects listed above. Recent meetings held in September Singfest and at the Singureni Christmas Fair 2022 and then in June 2023 also. The last meeting in Bucharest in March, 2024 for a brief update.

### **C. Previous Activities Archive:**

1. **Hemp for cooperative research at BioFarmland (BFL) on hold after 3 years of testing.**
2. **2023 Timisoara Cultural Capital office cooperative event named 'SAMatate'.** See FM Sagittarius 2023 for final update on this report.
3. **SuonAngelMiriam have met personally with Georghe Piperea and joined his class action law suit against the constitutionality of mandates.** Suit was lost, see previous report details.

### **D. General Notes and considerations about the group, cycles, meditation and information flow:**

1. **We are happy to get to know each other better**, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions.
2. **2024 continues the new seven year cycle started in 2020.** The final major group 'impact' has been made in 2019 prior to the next 100 year 'impulse' which happens during 2025.
3. **It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes, Group Festival Weeks and Centennial Impulse years provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.
4. **It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.
5. **In all meditation it is of value for the student to remember that**, from the standpoint of permanent benefit, it is easier to meditate effectively during the period from the new moon to the full moon, than from the full moon to the new moon. The first half of the lunar cycle is one of intensification, absorption and accretion; the second half is one of assimilation and distribution. More real progress over a long period can be made by observing this cyclic law.
6. **Wisely utilizing newly acquired energies keeps in flowing and out flowing channels open** and prevents Sycal (psychical), Astral (emotional), Mental (intellectual) congestions, which may otherwise be experienced, with their accompanying physical consequences.
7. **The following regular monthly cycle is for the group information flow:**
  - a. Full Moon (five days): Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
  - b. The week after the 5 days of the Full Moon: For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.

- c. Second week after Full Moon for 'Anchoring' or 'Grounding' impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
- d. Third week after Full Moon (just after the New Moon): Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.
- e. Fourth week after the Full Moon (just before the next Full Moon): Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.

- e. Ray 6—Cancer and Sagittarius, through Neptune and Mars.

In view of all the above, and starting with the basic fact of the Great Illusion it should be remembered that the accuracy of astrological prediction and interpretation will be based upon three factors:

1. The potency of the thoughtforms which have been built up in connection with the twelve signs. These thoughtforms were originally constructed or anchored upon the mental plane by the Hierarchy in Atlantean days and they have steadily gained in power ever since. They serve as focal points for certain forces and enable the individual, for instance, to be in touch with great reservoirs of energy which then definitely condition him.
2. The intuition of the astrologer. The casting of the horoscope serves to put the astrologer en rapport with the individual, but this is of small service to either party unless the intuition and sensitivity of the astrologer is actively present.
3. The capacity of the astrologer in any specific period to respond to the changes which are all the time taking place, such as the gradual shifting and changing brought about by the precession of the equinoxes, or the slow shift of the pole of the planet. To this should be added that—as man evolves—the mechanism of response or the vehicles of consciousness likewise steadily improve. His reactions, therefore, to the planetary influence and to the energy of the various constellations change with equal steadiness and allowance must be made for this. It is consequently essential that the modern astrologer begin to study the point in evolution of the subject, prior to casting his horoscope. He must ascertain his approximate place upon the path of evolution. To this end, the study of the rays is most necessary through an investigation as to quality and characteristics and life objectives.

Astrologers will eventually be able to cast the horoscope of the soul, which is sensitive to different combinations of forces to those controlling the personality life. The disciple and the initiate respond distinctively to the incoming influences and their response differs from that of the undeveloped man or the self-centred person. This will have to be recognised. Those who "live below the diaphragm" and who react to the incoming energies through the medium of the lower centres will have a very different type of chart to that of the disciple and initiate. It will require a different mode of interpretation. I have referred to this before and would remind you of some of the points which I made.

1. Disciples upon the Path of Discipleship are strongly influenced by Mercury and Saturn—one bringing illumination and the other offering opportunity.
2. At the various initiations, the influence of the planets affects the candidate in a totally different manner than earlier. Cyclically the energies from the constellations pour through the planetary centres.
  - a. At the first initiation, the disciple has to contend with the crystallising and destroying forces of Vulcan and Pluto. The influence of Vulcan reaches to the very depths of his nature, whilst Pluto drags to the surface and destroys all that hinders in these lower regions.
  - b. At the second initiation, the candidate comes under the influence of three planets—Neptune, Venus and Jupiter. The three centres—solar plexus, heart and throat—are actively involved.
  - c. At the third initiation, the Moon (veiling a hidden planet) and Mars bring about a fearful conflict, [Page 71] but at the end the man is released from personality control.
  - d. At the fourth initiation, Mercury and Saturn again bring about great changes and unique revelation, but their effect is very different to the earlier experience.
  - e. At the fifth and final initiation, Uranus and Jupiter appear and produce a "beneficent organisation" of the totality of energies found in the initiate's equipment. When this reorganisation is complete, the initiate can then "escape from off the wheel and then can truly live."

All this time the energy of the sun (veiling a sacred planet, hitherto unknown) is steadily and persistently reaching the man via the solar angel.

**Concluded.**

**To be considered below as closing.**

...Again and repeatedly, students must remind themselves that we are considering the impact of energy upon energy units (all qualified and producing appearance) and with the response of those energy units to the streams of force which reach them from "the furthest center." It is in the development of response to distant points of contact and emanating sources of energy that the needed sensitivity is produced. Sensitivity, generally speaking, is of a threefold nature:

1. Sensitivity to that which is found within oneself. This, when the consciousness is adequately self-sufficient, opens a door for the entrance of energies coming from the "middle center." I speak in symbols and for those whose knowledge of cosmic location and of points in time and space will enable them to comprehend; to the uninitiate, I simply say, "Respond to soul impact."
2. Sensitivity to that which emanates from the "centers left behind" or to those streams of vital energy which lie active and focused below the threshold of the waking consciousness. They stir the threads of memory; they draw backward the glances (and there lies magic in the energy of the eye) of the onward moving Point, the Pilgrim on his way; they condition through ancient habit the responsiveness of the units in the form.
3. A developed sensitivity which emerges from the "furthest center" at first unconsciously employed and later consciously directed and attuned - a fully magnetic and attractive sensitivity. Forget not that true interplay imposes the condition of reciprocity and that the two points or termini of a line eventually vibrate in unison.

The Rays pour through, are expressed by and are transmitted through the following constellations:

Ray I	Aries	Leo	Capricorn
Ray II	Gemini	Virgo	<b>Pisces</b>
Ray III	Cancer	Libra	Capricorn
Ray IV	Taurus	Scorpio	Sagittarius
Ray V	Leo	Sagittarius	Aquarius
Ray VI	Virgo	Sagittarius	<b>Pisces</b>
Ray VII	Aries	Cancer	Capricorn

### **Conclusion (at this point):**

May we consider together entering into that higher state of (group/soul) 'bewilderment', especially at this cycle of Aquarian consciousness, yet strength and unity from our lower state of personal certitude and isolation to possibly obtain a universal group consciousness.
