

Full Moon of Sagittarius, tenth Full Moon of this Astrological Year, on Sunday, December 15, 2024, at 11:01:27 in Romania:

The main Keynote or phrase to consider for all Sagittarius Full Moons (each year): **“I see the goal. I reach that goal and then I see another.” The Sagittarius Full Moon Keynote of Light each year is: “A beam of directed, focused Light. (Hint: In this the point of light becomes the beam, revealing a greater light ahead and illumining the way to the center of the light.)”** Consider the Keynotes at, or as close to, the time of the Full Moon as possible and what it might mean as a Group. Each of the constellations also have at least one, but also as many as five, Ray determining energies by which they rule and of which they rule. **The main Ray energy of Sagittarius is Ray 6.** So, Sagittarius has a main energy of Devotion. It is a recommendation to consider the Sagittarius Keynotes as Ray 6 Keynotes. This is a direct correspondence to the information of our Color Consultations and the way this same Ray determining affects us individually and in our relationship to our group. So, our Color Consultation information can be reviewed and related to each of the Full Moon determining energies to determine the possible effects and opportunities each Full Moon offers each of us personally and in relationship with the group. This was explained and expanded upon from Esoteric Astrology (EA) in general in Addendum 1 from the past Aries Full Moon report (from April 2021 – please let us know if you would like that resent to you or it can be downloaded from the website at the bottom of the page at: www.sam2013.org/group_consciousness.html).

We are adding an additional consideration each month to help in the understanding of the seven Rays called **'The Keys to the Seven Ray Methods'**. The Key to the Ray 6 Method is: **"Let all desire cease. Let aspiration end. The search is over. Let the Soul realize that it has reached the goal, and from that gateway to eternal Life and cosmic Peace let the word sound: 'I am the seeker and the sought. I rest.'"**

This year we are adding information on how each Ray effects the constellations as fundamental hypotheses as Addendum 1 below. Sagittarius is the ninth different sign of this new Astrological year (which started with Aries in March) and the sixth of the normal 9 (but this year 10) distribution and grounding energy and consciousness Full Moons of the year. It helps to continue the lower 'anchoring' cycle for the astrological year after the building and higher cycle of Aries, Taurus, and Gemini (March, April, May of this year). Addendum 3 from the last Aries Full Moon report (from April 2023) is some additional information on the full moons and possible meditation forms (please let us know if you need that resent to you or it can be downloaded from the website at the bottom of the page at: www.sam2013.org/group_consciousness.html).

Please continue to keep in mind, from the Gemini Full Moon Report (May 2024), Addendum 2 which was two papers titled, "Vision Paper: Unfolding Work for 2024-2026" by 2025 Initiative (www.2025initiative.org) and "More details about this proposed experiment and our groups' ideas about the unfolding opportunities of the period of 2024-2026". The addendums started with a note from us as an introduction about the papers and can also be found on the website at the bottom of the page at: www.sam2013.org/group_consciousness.html.

A. Notes on this coming Full Moon of December/Sagittarius:

- 1. Watch for any impressions** that may come to you before the Full Moon that may relate to the Ray 6 Keynotes and your specific Rays (from your Color Consultations), especially two days before the Full Moon, the day of the Full Moon and two days after the Full Moon. **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month's meditation notes.
- 2. This is the ninth of twelve different Full Moons of this Astrological year (there will be thirteen Full Moons this year since there were two Full moons in the sign of Cancer this year in June and July)** and is the sixth of the nine different (or this year ten full moons for distribution) distribution of Consciousness and Energy' full moons of this astrological year. The energy which is built and gathered during these first three 'Building' Full Moons at the beginning of the astrological year, which is also called the 'higher interlude', will then be distributed over the last nine different Full Moons during the end of the astrological year, which is also called the 'lower interlude'.
- 3. Addendum 1 also from the Full Moon report of Aries (from April 2021) gives reference into more insight and inspiration for how to view some of the expanded awareness of these monthly**

and yearly Full Moon cycles as we enter into the sixth Astrological Year of this group formation and the group's beginning functioning.

4. **Addendum 1 below relates to** how each Ray effects the constellations as fundamental hypotheses.
5. **The 2024-5 astrological year Annual Keynote is,** "LET THE GROUP DEDICATE ITSELF ANEW TO THE SERVICE OF THE COMING ONE AND DO ALL IT CAN TO PREPARE HUMAN MINDS AND HEARTS FOR THAT EVENT. WE HAVE NO OTHER LIFE INTENTION."
6. **The winter solstice also occurs after the full moon** on Saturday December 21, 2024 at 11:21:00 in Romania. This is the time of growth of the new growing cycle that began on the fall equinox this past September and can be considered also a time for meditation.

B. Notes and Activities on or since the last Full Moon November/Scorpio:

1. **SuonAngelMiriam meditated at the time of the full moon and new moon together with Safi (when she wanted). We had what we consider** very good meditations for the continuing of the grounding of consciousness cycle of the astrological year. The new moon of Sagittarius happened on December 1st which was also Romanian Independence Day and the day of elections. These additional factors seemed to have a positive impact on our meditations. We are also having more experiences during the toning, chanting and vocalizing parts of the meditations and with the group esoteric crystals this year.
2. **The Three Group Central Pillar Crystals** and the Esoteric (based on numerologist 8) and Occult (based on numerological 9) crystal sub-sets have been finalized along with any rearranging of the other crystals of the over-all set for the 2025 impulse. Please let us know if you would like to explore any of these crystals or have any other input (see photo in previous FM report of Gemini of June 2022). **The three natural triple pointed crystal clusters** are always available for any group members who would like to meditate with them as another way to tune into group consciousness (see previous photo from March 2022 Pisces report). **Of three new 'Circumcentral' crystals one is still on a Lay-Away plan** to be here by the Summer Solstice of 2025 for the Hierarchical Group Impulse year of 2025. The first of the three has arrived before the past Full Moon of Taurus 2023 and the second has arrived for this full moon of Taurus 2024 (see photo below or <http://www.sam2013.org/crystals.html> on our website for more information).

3. Two hand held faceted crystals have been shipped for this Full Moon. A. One, which is a combination of a Phase I and Phase II crystal which has 'Blue Needles' which have an esoteric quality to transcend time and is a more personal healing crystal for Suon for present, past and future health issues, and B. One, which has a triangular bottom and also is a combination of a Phase I and Phase II crystal and which is available to anyone who wants to consider having such a crystal (see photo below).

4. **Poppy research at BioFarmland** (BFL) at Virginia's suggestion. Seeds from last year's wild Poppy harvest were collected and planted in last June 2023 for growing during the 2024 season. A small number of the poppies have come out this year (May 2024) and their seeds have been encouraged to spread more next year in 2025.
5. **Revised and renewed Hemp Museum suggestion** presented to Zoli, Virginia, and Leontina as a possible group project. There was similar input about local, village or household museums from the "Socio-Economico-Cultural Rebirth of the Romanian Village" conference in previous reports. Latest brief meeting was in Timisoara this spring to talk more informally about these topics.
6. **Based on Leontina's previous intentions to establish an educational location near her home further discussions are going on about** a location, financing, possible links to other hemp projects and people. An initial estimate to get a small workshop space built on her land, for materials with mainly voluntary labor or construction, is 3,000 Euros. Due to challenges

encountered with the political system at her home location, Leontina has decided to stop for the moment Sopronul Cultural and the building of the dome until the environment becomes more friendly to her projects. See previous update concerning Pamantul Stramosesc in the FM 2023 Sagittarius Report from November 2023.

7. **SuonAngelMiriam have met personally with Georghe Piperea** and joined his class action law suit against the constitutionality of mandates which is moving forward as discussed in the Full Moon cover letter for Capricorn (2021). September 2022 hearing produced a change in how and who the law suit will be claiming as the defendants and the suit is continuing now at the appeal stage of litigation. The next court date has been set for late January 2024. We were notified last week that the case has been lost without further appeal and we have the details of the courts decision and are awaiting for a final brief conversation with Gheorghe Piperea after June 10, 2024. We are still waiting for a final update in November, since George is traveling due to his new election to the EU parliament. The final update is that George has become a European Parliamentarian and has said that he will be pursuing legal changes to what he considers systemic problems with the existing laws concerning the issues of the case, Let us know if you would like our more detailed summary report on this project or if you have additional comments or questions.
8. **SuonAngelMiriam are continuing our interaction with Katharina documenting** how to manage and implement new and better ways of herb growing, drying, processing, soil regeneration, distilling, etc.
9. **SuonAngelMiriam are interacting with Virginia on her Bio-Resonance and Herbal and Aromatherapy courses, consultations** and treatments along with the consideration of the SAM2013 Synthesis Tri-Level Color Set as liquids. Updated at meetings in September and October 2022, continuing with Virginia's Certified Herbal and Aroma Therapy courses #1 and now #2 which was in March 2023 and had another meeting at EsotericFest in June 2023 (also see Item #2 below in previous activities archive). The most recent meeting was held at EsotericFest in November 2023 with plans for the next meeting in Spring 2024 once work is completed on Color and Crystal Course educational manuals. The manuals have been completed in February 2024 and two meetings were held in March to go over more input and refinements of the process prior to a May meeting at EsotericFest in Timisoara. In meetings since the May EsotericFest The Color Course has been approved for accrediting by ANATECOR and plans are proceeding to get further details and SAM2013 products ready for the course materials. We have also been receiving treatments and products for some health concerns of Suon. December 2024: The first production of Virginia's Favisan samples of the SAM2013 Synthesis Tri-Level Color System have been made and are being tested for many characteristics.
10. **SuonAngelMiriam are working with Remus and others on updating and expanding** one of his personal spirituality courses on Self Esteem as an Esoteric Group project. Anyone interested in knowing more or helping in this group project please let us know. Latest update was in October 2023.
11. **We participated in Remus' course about Stress Management** held through ANATECOR which is related to Virginia's fitotherapy course. We also attended the prayer zoom meeting he and Anatecor organized for the professor Mircea Stefea who passed recently.
12. **SuonAngelMiriam are working with Aurellian on how some of the concepts of his book and course** on "The Numerology of the Soul" might relate and correspond to the SAM2013 Synthesis Tri-Level Color System numerology. Both Aurellian and Suon have had direct contact with Yogi Bahjan who taught the numerology of the soul concepts.
13. **SuonAngelMiriam are working with Mircea on ways of distributing SAMfume** and other products and working more closely together on the other projects listed above. Recent meetings held in September Singfest and at the Singureni Christmas Fair 2022 and then in June 2023 also. The last meeting in Bucharest in March, 2024 for a brief update.

C. Previous Activities Archive:

1. **Hemp** for cooperative research at BioFarmland (BFL) on hold after 3 years of testing.
2. **2023 Timisoara Cultural Capital office cooperative event named 'SAMatate'**. See FM Sagittarius 2023 for final update on this report.

D. General Notes and considerations about the group, cycles, meditation and information flow:

1. **We are happy to get to know each other better**, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions.

2. **2024 continues the new seven year cycle started in 2020.** The final major group 'impact' has been made in 2019 prior to the next 100 year 'impulse' which happens during 2025.
3. **It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes, Group Festival Weeks and Centennial Impulse years provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.
4. **It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.
5. **In all meditation it is of value for the student to remember that,** from the standpoint of permanent benefit, it is easier to meditate effectively during the period from the new moon to the full moon, than from the full moon to the new moon. The first half of the lunar cycle is one of intensification, absorption and accretion; the second half is one of assimilation and distribution. More real progress over a long period can be made by observing this cyclic law.
6. **Wisely utilizing newly acquired energies keeps in flowing and out flowing channels open** and prevents Sycal (psychical), Astral (emotional), Mental (intellectual) congestions, which may otherwise be experienced, with their accompanying physical consequences.
7. **The following regular monthly cycle is for the group information flow:**
 - a. Full Moon (five days): Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
 - b. The week after the 5 days of the Full Moon: For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.
 - c. Second week after Full Moon for 'Anchoring' or 'Grounding' impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
 - d. Third week after Full Moon (just after the New Moon): Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.
 - e. Fourth week after the Full Moon (just before the next Full Moon): Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.

Addendum 1:

Ray effects on the constellations as fundamental hypotheses from EA
(Free online at https://www.lucistrust.org/online_books/esoteric_astrology_obooks):

The Zodiac and the Rays (Continued from the last Full Moon report of Scorpio):

... It is interesting to note also that seven of the symbols which express the twelve signs of the zodiac are dual in their nature, and duality can be inferred from them:

1. The two horns of the Ram in Aries.
2. The two horns of the Bull in Taurus.
3. The figures of the Twins in Gemini (two lines).
4. The two claws of the Crab in Cancer.
5. The two scales of the Balance in Libra.
6. The two Parallel Lines of force in Aquarius.
7. The two Fishes in Pisces.

These seven constellations are, therefore, closely related to six of the seven sacred planets and to one non-sacred planet. There are two signs which are simple figures and have no significance of duality. They are:

8. The symbol for Leo, which is simply the Lion's tail.
9. The arrow in the symbol depicting **Sagittarius**.

They embody the idea of isolated separation and one-pointed desire. Two signs are definitely triple in construction and this has a clear meaning to the esotericist:

10. Virgo is a triple sign.
11. Scorpio is also a triple sign, closely resembling the symbol of Virgo.

These two signs are crucial in the experience of the human being, indicating as they do the function of the triple form and the liberation of the man imprisoned in the form, through the tests in Scorpio wherein he proves to himself and to the world the reality of that which Virgo has veiled or hidden:

12. The symbol for the sign Capricorn is most mysterious. It conceals the mystery of the Crocodiles, or Makara. It is constructed in an inaccurate and definitely misleading manner and should be regarded as a mystery and therefore not to be defined.

These signs and their relationship to the sacred and non-sacred planets will be considered later.

To sum up: Man will, therefore, have to be studied as a threefold entity, a composite individual, expressing (in the three worlds):

- a. The spiritual soul, reflecting the Monad.
- b. The human soul, reflecting the divine soul.
- c. The form nature, which should be the revealer of the two higher.

Three Creative Hierarchies condition the man in incarnation, the 4th (or 9th) the 5th (or 10th) and the 6th. These, in collaboration, create man and, at the same time, constitute the field of his expression. Man is consequently a blend of electric fire, being a divine Flame, and becomes eventually responsive to the three major controlling influences; he is also solar fire, being a solar Angel in manifestation. He then becomes increasingly responsive to the influences of the twelve constellations. He is likewise fire by friction and comes under the influence of the planets. The tabulation below may make this somewhat clearer:

I. Electric Fire.—Path of Initiation—4th Hierarchy; full soul expression; monadic life.

GOAL: Identification with the Monad. Produces responsiveness to the three constellations.

II. Solar Fire.—Path of Discipleship—5th Hierarchy; full life experience; soul life.

GOAL: Identification with the Soul. Produces responsiveness to the twelve zodiacal constellations.

III. Fire by Friction.—Path of Evolution—6th Hierarchy; life experiment; human life.

GOAL: Identification with the Personality. Produces responsiveness to the planetary influences.

3. The Great Wheel and Spiritual Unfoldment.

Before I give you the remaining part of the chart which deals with the constellations as conductors of cosmic energies or as transmitters of their own energy, I would like to remark that much that I shall say will be based upon:

1. The wheel of life and the path of man, the human being, as he passes through the signs according to the mode recognised by orthodox astrology. He, as well as the planets, apparently retrogrades through the signs and appears to pass through the constellations from Aries to Taurus. But this is all part of the Great Illusion.

2. The wheel of life and the path of man, the divine or spiritual soul, as he passes through the signs of the zodiac according to the mode studied by the esoteric astrologer. This is the Path of Reality as the other is the Path of Illusion. This carries the disciple around the path from commencement in Aries to consummation in Pisces.

The present method is based upon the temporary truth that ordinary man is subject to the illusory nature of manifestation and "as he thinks, so is he." When, however, he becomes Hercules, the Sun God (or solar Angel), he begins to reverse the process (again only apparently) and a definite reorientation takes place. The Teachers on the inner side, therefore, study the horoscope only in its relation to the following three entities:

1. The horoscope of the planet itself as the expression of the life of the planetary Logos. This involves the studying of the horoscope of the spirit of the planet as well as of the informing Life and their joint relationship and interplay. The spirit of the Earth is to the planetary Logos of the Earth, for instance, what the personality (or form nature) is to the soul of man. The two horoscopes are superimposed and the "planetary pattern" then emerges.

2. The horoscope of the human family, of the fourth kingdom in nature, regarding it as an entity, which it essentially is. This is in reality the study of two horoscopes, as in the above case; the horoscope of the kingdom of souls, of the divine sons of God upon the mental plane, and the study of the entity which is the coherent life of the form side of the fourth kingdom in nature. This is again done by superimposing the two charts. These charts are drawn on a large scale and on a transparent material of which humanity knows nothing. Upon these charts are noted the pattern which emerges when "soul and personality are brought

together" and present conditions, possible developments and relationships, and the immediate future objective appear with clarity.

3. The horoscopes of disciples. The Masters do not study the charts of ordinary undeveloped man. There is no profit in so doing. This involves again the study of the two horoscopes of the disciple under inspection—one of the soul and the other of the personality. Again the process of superimposition is utilized. In one horoscope, [Page 60] the new orientation and the embryonic reorganized inner life will be noted and studied, and in the other the outer life and its conformity or non-conformity to inner conditions will be the subject of attention. Thus the life pattern will emerge, possibilities will be indicated, problems will disappear, and the immediate next step will clearly show forth.

It thus becomes apparent again to what an extent the "principle of duality" enters into everything. It is a shifting dualism, according to where the emphasis may be placed, but this dualism is present until the last and final initiation—present in the later stages of the evolutionary process, in the adjustment of form relations but not present in the consciousness of the disciple of advanced degree. That is the major point to be grasped...

To Be Continued in the next Full Moon report of Capricorn.

To be considered below as closing for this Full Moon Addendum of Sagittarius.

...Again and repeatedly, students must remind themselves that we are considering the impact of energy upon energy units (all qualified and producing appearance) and with the response of those energy units to the streams of force which reach them from "the furthest center." It is in the development of response to distant points of contact and emanating sources of energy that the needed sensitivity is produced. Sensitivity, generally speaking, is of a threefold nature:

1. Sensitivity to that which is found within oneself. This, when the consciousness is adequately self-sufficient, opens a door for the entrance of energies coming from the "middle center." I speak in symbols and for those whose knowledge of cosmic location and of points in time and space will enable them to comprehend; to the uninitiate, I simply say, "Respond to soul impact."
2. Sensitivity to that which emanates from the "centers left behind" or to those streams of vital energy which lie active and focused below the threshold of the waking consciousness. They stir the threads of memory; they draw backward the glances (and there lies magic in the energy of the eye) of the onward moving Point, the Pilgrim on his way; they condition through ancient habit the responsiveness of the units in the form.
3. A developed sensitivity which emerges from the "furthest center" at first unconsciously employed and later consciously directed and attuned - a fully magnetic and attractive sensitivity. Forget not that true interplay imposes the condition of reciprocity and that the two points or termini of a line eventually vibrate in unison.

The Rays pour through, are expressed by and are transmitted through the following constellations:

Ray I	Aries	Leo	Capricorn
Ray II	Gemini	Virgo	Pisces
Ray III	Cancer	Libra	Capricorn
Ray IV	Taurus	Scorpio	Sagittarius
Ray V	Leo	Sagittarius	Aquarius
Ray VI	Virgo	Sagittarius	Pisces
Ray VII	Aries	Cancer	Capricorn

Conclusion (at this point):

May we consider together entering into that higher state of (group/soul) 'bewilderment', especially at this cycle of Aquarian consciousness, yet strength and unity from our lower state of personal certitude and isolation to possibly obtain a universal group consciousness.
