

Full Moon of Virgo, seventh Full Moon of this Astrological Year, on Wednesday, September 18, 2024, at 04:34:14 in Romania:

The main Keynote or phrase to consider for all Virgo Full Moons (each year): **“I am the mother and the child. I, God, I, matter am.”** The Virgo Full Moon Keynote of Light each year is: **“The blended dual Light.”** **“(Hint: Two lights are seen bright and strong, the light of form; one faint and dim, the light of God.)”** Consider the Keynotes at, or as close to, the time of the Full Moon as possible and what it might mean as a Group. Each of the constellations also have at least one, but also as many as five, Ray determining energies by which they rule and of which they rule. **The main Ray energy of Virgo is considered to be Ray 2.** So, Virgo is considered to have main energies of Love Wisdom or what is considered as Understanding. In other ways, A.A.B. writes in DINAI, page 109, “this ray is preeminently the teaching ray, the ray that is sometimes called that of “light-giving influence” or the “ray of the illuminator.” “The task of all true educators is to bring light to the minds of those they instruct, so that they may walk more securely in the way which leads to the goal for any particular incarnation.” It is a recommendation to consider the Virgo Keynotes as Ray 2 Keynotes. This is a direct correspondence to the information of our Color Consultations and the way this same Ray determining affects us individually and in our relationship to our group. So, our Color Consultation information can be reviewed and related to each of the Full Moon determining energies to determine the possible effects and opportunities each Full Moon offers each of us personally and in relationship with the group. This was explained and expanded upon from Esoteric Astrology (EA) in general in Addendum 1 from the past Aries Full Moon report (from April 2021 – please let us know if you would like that resent to you).

This year we are adding information on how each Ray effects the constellations as fundamental hypotheses as Addendum 1 below. Virgo is the sixth different sign of this new Astrological year (which started with Aries in March) and the third of the normal 9 (but this year 10) distribution and grounding energy and consciousness Full Moons of the year. It helps to continue the lower ‘anchoring’ cycle for the astrological year after the building and higher cycle of Aries, Taurus, and Gemini (March, April, May of this year). Addendum 3 from the last Aries Full Moon report (from April 2023) is some additional information on the full moons and possible meditation forms (please let us know if you need that resent to you).

Please continue to keep in mind, from the Gemini Full Moon Report (May 2024), Addendum 2 which was two papers titled, “Vision Paper: Unfolding Work for 2024-2026” by 2025 Initiative (www.2025initiative.org) and “More details about this proposed experiment and our groups’ ideas about the unfolding opportunities of the period of 2024-2026”. The addendums started with a note from us as an introduction about the papers.

We have written another general report titled, “minimal median totalitarian” to help in the general understanding of what is happening in the world and that we are referring to as an, ‘ideological organizational structure’. This is considered one of the main structures, it not the main structure, that has been distorted the most, of any ideological structures used. The title is made in the lower case and negative (of the actual distorted and perverted) names familiar to most people so that people will possibly even get past the title without preconceived judgments or bias. The report is the beginning of possibly more reports on this subject in the future and is attached to this meditation report. We are not promoting one structure over another but just attempting to clarify what each structure, in its pure ideology really is, and how there is a process of synthesis of these three structures going on (similar, if not identical, to our own process of synthesizing our own Soma Aura Monad from our color consultations). If you have any questions or comments please let us know.

A. Notes on this coming Full Moon of September/Virgo:

- 1. Watch for any impressions** that may come to you before the Full Moon that may relate to the Ray 2 Keynotes and your specific Rays (from your Color Consultations), especially two days before the Full Moon, the day of the Full Moon and two days after the Full Moon. **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month’s meditation notes.
- 2. This is the sixth of twelve different Full Moons of this Astrological year (there will be thirteen Full Moons this year since there were two Full moons in the sign of Cancer this year in June and July)** and is the third of the nine different (or this year ten full moons for distribution) distribution

of Consciousness and Energy' full moons of this astrological year. The energy which is built and gathered during these first three 'Building' Full Moons at the beginning of the astrological year, which is also called the 'higher interlude', will then be distributed over the last nine different Full Moons during the end of the astrological year, which is also called the 'lower interlude'.

3. **Addendum 1 from the Full Moon report of Aries (from April 2021) gives reference into more insight and inspiration for how to view some of the expanded awareness of these monthly and yearly Full Moon cycles as we enter into the sixth Astrological Year of this group formation and the group's beginning functioning.**
4. **Addendum 1 below relates to how each Ray effects the constellations as fundamental hypotheses.**
5. **The Fall Equinox will occur four days after this Full Moon on Sunday September 22, 2024 at 03:43:00 in Romania.** The Fall Equinox is considered as the end or harvest of the last growing season and the beginning or seed of the new growing season. This is the time of the year when the energies of natural growth end and are at their lowest and at the same time the new is conceived and starting to get ready for birth.
6. **The 2024-5 astrological year Annual Keynote is, "LET THE GROUP DEDICATE ITSELF ANEW TO THE SERVICE OF THE COMING ONE AND DO ALL IT CAN TO PREPARE HUMAN MINDS AND HEARTS FOR THAT EVENT. WE HAVE NO OTHER LIFE INTENTION."**

B. Notes and Activities on or since the last Full Moon August/Leo:

1. **SuonAngelMiriam meditated at the time of the full moon and new moon together with Safi (when she wanted). We had what we consider very good meditations for the continuing of the grounding of consciousness cycle of the astrological year. We are also having more experiences during the toning, chanting and vocalizing parts of the meditations and with the group crystals.**
2. **The Three Group Central Pillar Crystals** and the Esoteric (based on numerological 8) and Occult (based on numerological 9) crystal sub-sets are now finalized along with any rearranging of the other crystals of the over-all set for the 2025 impulse. Please let us know if you would like to explore any of these crystals or have any other input (see photo in previous FM report of Gemini of June 2022). **The three natural triple pointed crystal clusters** are always available for any group members who would like to meditate with them as another way to tune into group consciousness (see previous photo from March 2022 Pisces report). **Of three new 'Circumcentral' crystals one is still on a Lay-Away plan** to be here by the Summer Solstice of 2025 for the Hierarchical Group Impulse year of 2025. The first of the three has arrived before the past Full Moon of Taurus 2023 and the second has arrived for this full moon of Taurus 2024 (see photo below or <http://www.sam2013.org/crystals.html> on our website for more information).

3. **Poppy research at BioFarmland (BFL)** at Virginia's suggestion. Seeds from last year's wild Poppy harvest were collected and planted in last June 2023 for growing during the 2024 season. A small number of the poppies have come out this year (May 2024) and their seeds have been encouraged to spread more next year.
4. **Revised and renewed Hemp Museum suggestion** presented to Zoli, Virginia, and Leontina as a possible group project. There was similar input about local, village or household museums from the "Socio-Economico-Cultural Rebirth of the Romanian Village" conference in previous reports. Latest brief meeting was in Timisoara this spring to talk more informally about these topics.
5. **Based on Leontina's previous intentions to establish an educational location near her home further discussions are going on about** a location, financing, possible links to other hemp projects and people. An initial estimate to get a small workshop space built on her land, for materials with mainly voluntary labor or construction, is 3,000 Euros. Due to challenges encountered with the political system at her home location, Leontina has decided to stop for the moment Sopronul Cultural and the building of the dome until the environment becomes more friendly to her projects. See previous update concerning Pamantul Stramosesc in the FM 2023 Sagittarius Report from November 2023.
6. **SuonAngelMiriam have met personally with Georghie Piperea** and joined his class action law suit against the constitutionality of mandates which is moving forward as discussed in the Full Moon cover letter for Capricorn (2021). September 2022 hearing produced a change in how and who the law suit will be claiming as the defendants and the suit is continuing now at the appeal stage of litigation. The next court date has been set for late January 2024. We were notified last week that the case has been lost without further appeal and we have the details of the courts decision and are awaiting for a final brief conversation with Gheorghie Piperea after June 10, 2024. We are still waiting for a final update since George is traveling due to his new election to the EU parliament. Let us know if you have additional comments or questions.
7. **SuonAngelMiriam are continuing our interaction with Katharina documenting** how to manage and implement new and better ways of herb growing, drying, processing, soil regeneration, distilling, etc.
8. **SuonAngelMiriam are interacting with Virginia on her Bio-Resonance and Herbal and Aromatherapy courses, consultations** and treatments along with the consideration of the SAM2013 Synthesis Tri-Level Color Set as liquids. Updated at meetings in September and October 2022, continuing with Virginia's Certified Herbal and Aroma Therapy courses #1 and now #2 which was in March 2023 and had another meeting at EsotericFest in June 2023 (also see Item #2 below in previous activities archive). The most recent meeting was held at EsotericFest in November 2023 with plans for the next meeting in Spring 2024 once work is completed on Color and Crystal Course educational manuals. The manuals have been completed in February 2024 and two meetings were held in March to go over more input and refinements of the process prior to a May meeting at EsotericFest in Timisoara. In meetings since the May EsotericFest The Color Course has been approved for accrediting by ANATECOR and plans are proceeding to get further details and SAM2013 products ready for the course materials.
9. **SuonAngelMiriam are working with Remus and others on updating and expanding** one of his personal spirituality courses on Self Esteem as an Esoteric Group project. Anyone interested in knowing more or helping in this group project please let us know. Latest update was in October 2023.
10. **We participated in Remus' course about Stress Management** held through ANATECOR which is related to Virginia's fitotherapy course. We also attended the prayer zoom meeting he and Anatecor organized for the professor Mircea Stefea who passed recently.
11. **SuonAngelMiriam are working with Aurellian on how some of the concepts of his book and course** on "The Numerology of the Soul" might relate and correspond to the SAM2013 Synthesis Tri-Level Color System numerology. Both Aurellian and Suon have had direct contact with Yogi Bahjan who taught the numerology of the soul concepts.
12. **SuonAngelMiriam are working with Mircea on ways of distributing SAMfume** and other products and working more closely together on the other projects listed above. Recent meetings held in September Singfest and at the Singureni Christmas Fair 2022 and then in June 2023 also. The last meeting in Bucharest in March, 2024 for a brief update.

C. Previous Activities Archive:

1. **Hemp** for cooperative research at BioFarmland (BFL) on hold after 3 years of testing.

2. **2023 Timisoara Cultural Capital office cooperative event named 'SAMatate'**. See FM Sagittarius 2023 for final update on this report.

D. General Notes and considerations about the group, cycles, meditation and information flow:

1. **We are happy to get to know each other better**, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions.
2. **2024 continues the new seven year cycle started in 2020**. The final major group 'impact' has been made in 2019 prior to the next 100 year 'impulse' which happens during 2025.
3. **It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes, Group Festival Weeks and Centennial Impulse years provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.
4. **It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.
5. **In all meditation it is of value for the student to remember that**, from the standpoint of permanent benefit, it is easier to meditate effectively during the period from the new moon to the full moon, than from the full moon to the new moon. The first half of the lunar cycle is one of intensification, absorption and accretion; the second half is one of assimilation and distribution. More real progress over a long period can be made by observing this cyclic law.
6. **Wisely utilizing newly acquired energies keeps inflowing and out flowing channels open** and prevents Sycal (psychical), Astral (emotional), Mental (intellectual) congestions, which may otherwise be experienced, with their accompanying physical consequences.
7. **The following regular monthly cycle is for the group information flow:**
 - a. Full Moon (five days): Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
 - b. The week after the 5 days of the Full Moon: For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.
 - c. Second week after Full Moon for 'Anchoring' or 'Grounding' impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
 - d. Third week after Full Moon (just after the New Moon): Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.
 - e. Fourth week after the Full Moon (just before the next Full Moon): Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.

Addendum 1:

Ray effects on the constellations as fundamental hypotheses from EA (Free online at https://www.lucistrust.org/online_books/esoteric_astrology_obooks):

The Zodiac and the Rays (Continued from the last Full Moon report of Leo):

... Each of the seven Hierarchies of Beings, found within the Twelve, Who are the Builders or the Attractive Agents are (in their degree) intermediaries; all embody one of the types of force emanating from the seven constellations. Their intermediary work, therefore, is dual:

1. They are the mediators between Spirit and matter.
2. They are the transmitters of force from sources extraneous to the solar system to forms within the solar system.

Each of these groups of beings is likewise septenary in nature, and the forty-nine fires of Brahma are the lowest manifestation of their fiery nature. Each group also may be regarded as "fallen" in the cosmic sense, because involved in the building process, or the occupiers of forms of some degree of density or another.

Hierarchy I. The first great Hierarchy is emanated from the Heart of the central Spiritual Sun. It is the Son of God Himself, the First Born in a cosmic sense, even as the Christ was the "Eldest in a vast family of brothers," and the "first flower on the human plant." The symbol of this Hierarchy is the Golden Lotus with its twelve petals folded. The Secret Doctrine I. 233-250. III. 565.

It should be remembered that this Hierarchy is literally the sixth, for five hierarchies have passed on, being the product of the earlier system, that wherein Intelligence or Manas was the goal. The five liberated Hierarchies are in their totality the sum total of manas. It is the Hierarchy which is the fifth in order, and

which we are told is in process of achieving final liberation, or taking its fourth Initiation, which is the cause of certain phenomena upon our planet which has merited our planet being called the "Star of Suffering." There is a karmic link between the animal kingdom and the fifth Creative Hierarchy of the earlier system which makes itself felt in man in the necessary crucifixion of the animal physical nature, particularly along sex lines. We must remember that the Hierarchies work under the Law of Attraction; it is the law of the Builders.

This first (sixth) Hierarchy has for its type of energy the first aspect of the sixth type of cosmic electricity, and wields special power, therefore, in conjunction with the lowest fire, or "fire by friction," as it makes itself felt on the sixth plane. These lives are called "the burning Sons of Desire" and were the Sons of Necessity. It is said of them in the Old Commentary: "They burned to know. They rushed into the spheres. They are the longing of the Father for the Mother. Hence do they suffer, burn, and long through the sixth sphere of sense."

Hierarchy II. The second Hierarchy is closely allied with the Great Bear. We are told that They entered through the second ventricle within the Sacred Heart, and are (as we are told in *The Secret Doctrine*) the prototypes of the Monads. They are the source of monadic life, but They are not the Monads; They are far higher.

This Hierarchy, which is literally the seventh, is the influx into our system of those Lives who in the first solar system remained on their own plane, being too sinless and holy to find opportunity in that very material and intellectual evolution. Even in this, they will find it impossible to do more than influence the incarnating Jivas, imparting to them ability to realize the nature of group consciousness, the quality of the seven Heavenly Men, but not being able to express themselves fully. Some clues to this mystery will come if the student carefully bears in mind that in our solar system and our seven planes, we have only the physical body of the Logos, and that that physical body is a limitation of the expression of His threefold nature. The first (sixth) Hierarchy might be viewed as endeavoring to express the mental vibration of the solar Logos and the second, His emotional, or cosmic astral, nature.

This second (seventh) Hierarchy has for its type of force the second aspect of the seventh type of force from out of the many. Some idea of the relative point in evolution of the solar Logos may be gained by study of the varying aspects of force which He is demonstrating in this particular incarnation. It is this energy which drives the Monads through into physical incarnation, for it makes itself felt on the seventh plane. The energies which are functioning are those which the Logos has unfolded, and are the gain of previous incarnations. Gaps necessarily occur, and certain types of force are lacking because He has as yet much cosmically to gain.

It is the energy of this Hierarchy which results in the manifestation of the Divine Androgyne, and in the seven centers of force which are the seven Spiritual Energies.

Hierarchy III. The third Creative Hierarchy (or the eighth) is a peculiarly interesting one. They are called "the Triads" for They hold in themselves the potencies of triple evolution, mental, psychical, and spiritual. These Triads of Life are inherently the three Persons of the Trinity and the flower of the earlier system from a certain angle. From another angle, when studied as the "flower of the earlier Eight," They are the eightfold points awaiting opportunity to flame forth. They are the devas who are ready for service, which is to give to another Hierarchy certain qualities which are lacking. This Hierarchy is regarded as the great donors of immortality whilst Themselves "standing aloof from incarnation." Lords of Sacrifice and Love are They, but They cannot pass out of the logoc etheric body into the dense physical vehicle...

To Be Continued in the next Full Moon report of Libra.

To be considered below as closing for this Full Moon Addendum of Virgo.

...Again and repeatedly, students must remind themselves that we are considering the impact of energy upon energy units (all qualified and producing appearance) and with the response of those energy units to the streams of force which reach them from "the furthest center." It is in the development of response to distant points of contact and emanating sources of energy that the needed sensitivity is produced. Sensitivity, generally speaking, is of a threefold nature:

1. Sensitivity to that which is found within oneself. This, when the consciousness is adequately self-sufficient, opens a door for the entrance of energies coming from the "middle center." I speak in symbols and for those whose knowledge of cosmic location and of points in time and space will enable them to comprehend; to the uninitiate, I simply say, "Respond to soul impact."

2. Sensitivity to that which emanates from the "centers left behind" or to those streams of vital energy which lie active and focused below the threshold of the waking consciousness. They stir the threads of memory; they draw backward the glances (and there lies magic in the energy of the eye) of the onward moving Point, the Pilgrim on his way; they condition through ancient habit the responsiveness of the units in the form.

3. A developed sensitivity which emerges from the "furthest center" at first unconsciously employed and later consciously directed and attuned - a fully magnetic and attractive sensitivity. Forget not that true interplay imposes the condition of reciprocity and that the two points or termini of a line eventually vibrate in unison.

The Rays pour through, are expressed by and are transmitted through the following constellations:

Ray I	Aries	Leo	Capricorn
Ray II	Gemini	Virgo	Pisces
Ray III	Cancer	Libra	Capricorn
Ray IV	Taurus	Scorpio	Sagittarius
Ray V	Leo	Sagittarius	Aquarius
Ray VI	Virgo	Sagittarius	Pisces
Ray VII	Aries	Cancer	Capricorn

Conclusion (at this point):

May we consider together entering into that higher state of (group/soul) 'bewilderment', especially at this cycle of Aquarian consciousness, yet strength and unity from our lower state of personal certitude and isolation to possibly obtain a universal group consciousness.
